Purpose

This document provides a description of the process for reducing the scope of, suspending and withdrawing certifications.

Scope

Applies to all certifications provided by MS Agroland Services Pvt. Ltd. to relevant audit criteria, throughout all stages of the certification process. At all times MS Agroland Services Pvt. Ltd. shall be able to confirm the status of any certification as valid, suspended, withdrawn, or reduced in scope.

Responsibility

The Quality Manager is responsible for implementing this process and monitoring it for efficiency and effectiveness. COO are responsible for verification/ approval required by this process as it applies to their respective program(s)

1.0 Definitions

- 1.1 Suspension is a temporary status which can only end by full reinstatement or withdrawal of certification. During this period, the client's certification is temporarily invalid.
- 1.2 Reduction of scope may occur when the client has persistently or seriously failed to meet the certification requirements for parts of the scope of certification. With any such occurrence, those parts of the scope of certification may be excluded. Any such reduction shall be in line with the requirements of the audit criteria used for certification.
- 1.3 Cancellation: Withdrawal of the certification at the client's request.
- 1.4 Withdrawal: Action by MS Agroland Services Pvt. Ltd. to terminate the validity of the certificate.
- 1.5 Closing of corrective action: a corrective action is considered to be closed once the of the implementation and effectiveness of corrective actions have been verified and confirmed.

2.0 Suspension General

A certificate's validity is subject to ongoing requirements for annual audits, conversion audits, full organic audits, surveillance audit, special audit and other conditions specified in the client's contract with MS Agroland Services

Pvt. Ltd. . The process may begin when any of the following occur:

- a) The client’s certified system has persistently or seriously failed to meet certification requirements, including requirements for the effectiveness of the system.
- b) annual audits, conversion audits and full organic audits are not conducted at the required frequencies.
- c) The certified client has voluntarily requested a suspension.
- d) Corrective Actions are not closed within the specified timeframe.

Note: After 60 days of non-receipt of corrective actions from the client, notification will be sent to the client notifying them of the potential of suspension. If further delay occurs and the 90-days’ time limit is exceeded, the Quality manager, Quality Manager, or designated certification authority personnel shall provide direction on the suspension of the certificate.

- e) Violations of the contract (includes unpaid invoices) with MS Agroland Services Pvt. Ltd.
- f) As a result of investigation conducted on a complaint against a certified client.

3.0 Suspension and reduction of scope

Based on any of the above-identified conditions, Quality Manager may recommend the suspension of a client’s certification or, except for items b) and e) above, the reduction of the scope of certification of the client. Reduction in the scope of certification is done to exclude the parts not meeting the requirements, when the certified client has persistently or seriously failed to meet the certification requirements for those parts of the scope of certification.

The recommendation and justification shall be submitted to the appropriate Certification Authority Personnel/ COO (Certification Committee) for approval. The approved decision shall include the conditions for lifting the suspension or reinstating the complete scope of certification.

Suspension is not to exceed 180 days unless approved by the COO and/or, when required, by the Accreditation Body or Sector Authority Organizations.

MS Agroland Services Pvt. Ltd. will update the status of the client certification in its directory of certified clients and take any other measures it deems appropriate.

Once the approval of the decision of suspension or reduction of scope is completed, the affected client will be notified in writing of the suspension of its certification. The letter typically indicates:

- a) Reason for suspension or reduction of scope.
- b) Maximum duration of suspension or reduction of scope.
- c) Conditions for the suspension or reduction of scope to be lifted (i.e. timeline submission of corrective actions, special surveillance visit, etc.).
- d) Failure to resolve the issues that have resulted in suspension or reduction of scope in the specified timeframe shall result in withdrawal or permanent reduction of the scope of certification.
- e) Notification that for the duration of the suspension, the client shall refrain from further promotion of its certification
- f) MS Agroland Services Pvt. Ltd. will notify other parties as applicable and communicate with client if other parties need to be included.
- g) The client is to be notified that the suspension decision may be appealed (please provide the reference to ASPL-CD-PR-05 Complaints and appeals procedure).

3.1 Subsequent actions relating to closure of corrective actions

If the client submits a timely response to corrective action closure, follow-up verification shall be performed as per the disposition of the conditions for lifting the suspension or reinstatement of the complete scope of certification. This will be monitored by Quality Manager. If satisfactory, the results are to be forwarded to Certification Authority personnel (COO/ Certification Committee) for re-instatement of the certification. Certification Authority personnel (COO/ Certification Committee), depending on the level of the correction actions will determine if a special visit is required or not.

If the results are unsatisfactory, or if the client fails to respond adequately to MS Agroland Services Pvt. Ltd. - Certification's request, Certification Authority shall initiate the withdrawal of the certification per section 5.0 of the present document

4.0 Process Monitoring

Quality Manager and Certification Authority personnel (COO/ Certification Committee) are responsible for reviewing suspended certificates to ensure the specified time limits of the suspensions are not exceeded.
